

## From SVLC Parents

*"Teachers and administration at SVLC partner with parents to cultivate rewarding relationships leading to a successful educational experience."*

*"We choose SVLC for our son because it offers a dynamic learning environment that is adaptable to his educational needs. Together, we tailor his coursework to keep him interested in his strong subjects and encouraged for those areas where he struggles. The teachers are open and helpful in planning curriculum that fits our son's learning style and can keep his attention."*

*Providing families with a wide variety of educational opportunities and resources in a supportive learning community.*

## About SVLC

**T**hank you for your interest in the Stillaguamish Valley Learning Center, an Arlington Public School offering K-12 education through its Campus, Home, and Online Programs. Our mission is

to provide a wide variety of educational opportunities and resources in a supportive learning community for families who prefer an alternative to the traditional school setting.

Parents are at the helm of their child's learning experience whether that means choosing to teach at home, to enroll their child in a comprehensive school, or to choose an "in-between" such as the Learning Center.

Our experienced state certificated teachers develop close partnerships with parents and students to create and implement student learning plans tailored to meet the educational goals of the family.

More information about SVLC can be found in our handbook, on our website, and by calling our office for a campus tour.

Sincerely,

Joseph Doucette  
Principal

## Campus Program

The Campus program offers a variety of classes taught by experienced Washington State certificated teachers.

---

**Elementary** classes are designed to supplement home learning for students in kindergarten through fifth grade.

- ◆ Unit based
- ◆ Science, Math, English, History, PE
- ◆ Integrated with music, art and movement

---

**Middle School** classes prepare students for high school in a friendly community of learners.

- ◆ Core and electives
- ◆ Small class sizes
- ◆ Attentive teachers

---

**High School** classes offer the opportunity for students to earn credit toward a district diploma in their ninth and tenth grade years. Eleventh and twelfth grade students typically continue their education through our Online, Home Portfolio and/ or Extended Programs at Running Start, the Sno-Isle Skills Center, ORCA, or at a traditional public or private high school.

---

## Home Program

The Home Program is designed to support parents who teach their children at home. We offer the expertise of our Washington State certificated teachers by partnering with parents to develop and monitor ongoing student learning plans.

- ◆ Access educational resources
- ◆ Apply curriculum allocation funds
- ◆ Earn high school credit
- ◆ Attend community events and festivals
- ◆ Join program leadership teams

## Online Program

The Online Program enables students from kindergarten through twelfth grade to learn and to practice skills online.

- ◆ Earn high school credit
- ◆ Supplement other coursework
- ◆ Schedule flexibility
- ◆ Re-engagement
- ◆ Credit recovery
- ◆ Accelerated learning

## Extended Programs

Students can enroll in Extended Programs through SVLC. The extended opportunities include:

- ◆ EvCC or Skagit Valley CC Running Start
- ◆ Northwest Career & Technical Academy
- ◆ Sno Isle Technical Skills Center
